Albert Einstein was a world-famous physicist. He was born in Ulm, Germany in 1879, but he grew up in Munich. As a young boy, he didn't do well at school. He liked to study math and science at home by himself. In 1895, Einstein's family moved to Milan, Italy. In 1901, he got a job in Bern, Switzerland. When he was not at work, he did research on physics. He became a professor of physics at many universities such as Berlin. But his wife did not like Berlin, so she and their sons went back to Switzerland. In 1915, he finished his Theory of Relativity. This made him very famous. Einstein did not believe in war, so he left Germany and went to the United States. He died in Preston, New Jersey in 1955.
