" How to use a dictionary efficiently "

A dictionary is an important tool for anyone who is learning a new language . With a good *one* you can do the following ; you can look up the meaning of an English word you see or hear. For finding a word quickly , you need to know the English alphabet perfectly . For words with more than one meaning you should choose one makes more sense in the context,checking the spelling and the pronunciation are others facilities that a dictionary offers . Also checking the plural of a noun,part of speech or past tense of a verb, a dictionary is helpful. Likewise, a dictionary provides readers with synonyms or antonyms ,collocations and grammatical information about a word, too. In sum, learning a new language is so effective by the use of a dictionary.
