Dr. Asadi is answering this important question: "why is it important to care for our elders?" I think first of all, we need to remember that they are our mothers and fathers, and our first teachers. They teach us how to love, how to care, how to forgive, and how to accept. Second, elders have more knowledge and wisdom than any one of us. They've come so far and they've learned so much, we have a responsibility to learn from that wisdom. But the most important thing is their experience. We may or may not know of all the ups and downs they've faced in life but they've definitely gained experience that is worth respecting and learning from. Our elders may hide much pain from us because they don't want us to feel the pain. The least we can do is appreciate **them** for all they've gone through and learn from their insight into situations.

Yet another important thing is our heritage and culture. We have much to learn from our parents regarding our heritage, to be proud of our past. This heritage and history brings a sense of belonging. Most importantly, it brings us a sense of identity of our past and the responsibility to protect it for our future generations. What I can add at the end is the role of our parents' morals, values, and principles in our lives. Our elders have either learned, created or have been brought up with a set of morals, values and principles in their lives. Our elders want the best for us and they are willing to tell us what set of rules and guidelines have made them successful, and hopefully, peaceful.

True / False

٤٢. Our elders are our first teachers because we learn the essential principles of life from them.

a. True □ b. false □

٤٣. The most important point that heritage brings us is a sense of belonging.

a. True □ b. false □

Choose the best answer.

٤٤. What does "**them**" in the eighth line of paragraph ١ refer to?

a. mothers b. elders c. teachers d. fathers

Answer the question

٤٥- Why is it important to care for our elders?

٤٦-Why do the elders hide their pain from us?

Good Luck
